Why become a member?

- Vote in club-related business.
- Access to the club's private dark(er) sky observing site near Pilot Mountain.
- You must be trained on the club's astrophotography equipment before having access to observatory equipment.
- Access to the members-only page of the club's website.
- Access to the members-only email listserv.
- Access to borrow the Society's stock of loaner equipment, including telescopes. For example, a Newtonian reflector (5-6"), a 12" F4, and a 1958 Unitron (4" refractor).
- Access to the Society's library materials.
- Participate in a Society meeting, observation, or project that is specified exclusive to members.
- Put a petition forward to any of the officers or trustees of the Society.

Renewal Cycle

May 1 of current year to April 30 of following year. No proration.

Types of Memberships

Basic

A single vote in club-related business. We welcome any immediate family members to participate as guests in club activities as a part of this membership.

Dual Vote / Family

We offer families a dual vote membership for those who want to have a second vote for an active immediate family member, such as spouse, partner or child. Only trained adults in a family membership can use the observatory and club equipment.

Student

For those age 18 & under; or a fulltime college student. College students must show a valid student ID. Those under age 14 need to be accompanied by an adult.

Lifetime

We offer lifetime memberships for \$525 (15X the current base dues as per the club's bylaws.)

Astronomical League

The Forsyth Astronomical Society is also a member society in the Astronomical League. AL membership is not required for club membership but is offered as an add-on for an additional \$9.00/year to the regular yearly dues. It is not on the same renewal schedule as a club membership. More information on the Astronomical League can be found on their website (scan the QR code), or see our club's AL Correspondent at a meeting.
